Paper under disposal

C.

The members of the Executive Committee of the Sanskrit Academy have applied for a reconsideration of the order declining to sanction a grant-in-aid to the Academy.

2. The matter was considered in Council and they are of opinion that a lumpsum grant of Rs.1000 may be sanctioned for one year.

3. I have personally explained to His Highness the reasons why some contribution may be given to the Academy. A copy of the Journal issued by the Academy is submitted for perusal. The Journal appears to be a high class periodical. A letter addressed to me by Sri Mahabaghavat, pointing out that I had given him some hopes in the matter of the contribution, is also -- attached. It would appear that I mistook the concessions recommended for the Kannada Academy as those for the Sanskrit Academy and that under that misapprehension I held out some hopes to the gentleman who was constantly coming to me asking for early sanction of a grant to the Academy.

I request that His Highness may be graciously pleased to sanction the grant for one year. Renewal of the grant may depend on the merits of the actual work turned out by the Academy in the first year of its existence.

The Sanskrit Academy of India,

27th April 1916.

To

Sir M. Visvesvaraya, B.A., K.C.I.E.,
Dewan of Mysore, BANGALORE.

Sir,

We, the members of the Executive Committee of the Sanskrit Academy, beg leave to submit this memorial - for your kind consideration.

In response to an appeal for help from the Government of Mysore in maintaining the above Institution and in publishing its organ called "Sanskrit Research", - Government have, in their order No.4630/Edn.3-15-51 - dated 14th March 1916 from the Officiating Secretary to Government, Departments of Education &c., been pleased only to subscribe for 22 copies of the Journal. T h e pecuniary grant-in-aid asked for was not sanctioned.

We, now, beg to represent that it is impossible to carry on the work of this Institution without the pecuniary assistance from Government that was prayed for. If the Rupees 17,00/- per annum that was asked cannot be - given permanently, it may be sanctioned at least for a - term of three years, during which period, it may be possible for the Institution to collect enough funds from - other parts of India to be able to depend on its resources.

If

If no such help from this State should be given, the other States of India will not be interested in paying for the maintenance of the Institution which is located in Bangalore. The Journal has already attained considerable popularity among the scholars of the East as well as the West. The large number of members and the highly valuable literary contributions that are being received from most eminent Scholars of India and Europe and America, are a sufficient indication not only of its importance at present but also of its usefulness in the future. That it should be discontinued at this stage and that the institution which was registered a few months ago should also cease to exist, would be very unfortunate.

We therefore beg that the Government of Mysore may be so kind as to reconsider, and in addition to granting not less than Rs.1,200/- for the current year, sanction an annual grant of the same amount or order the printing and publication of the Journal "Sanskrit Research" free of all cost at the Government Press for the next two years.

For which act of kindness we, the members of the Executive Committee, will ever be most grateful.

SHRI MAHABHAGAVAT

Kurtkoti
(Dt. Dharwar)
1st May 1916

Dear Sir,

While submitting to you, the 3rd day, the memorial from the members of the Executive Committee of the Sanskrit Academy, I briefly cleared my position to you. As you had to commence the Legislative Council meeting that day, I did not encroach upon your valuable time any more. I now take the liberty of delineating my heart to you through this letter & hope you will kindly go through it and give a favourable consideration

to the matter.

When I first brought to you the application regarding for a grant you were so good as to remark that it was "a moderate demand." A few months later, I called upon you to know what had been done in the matter and after making enquiries of Mr. Lakshmanrao in your office before my presence, you were kind enough to say that a grant had been sanctioned and that I might further request the Educational Secretary to expedite the matter. Being certain of the grant I then formed a Society consisting of members from all parts of India with Sir Ramakrishna Gopal Bhandarkar as President of the General

Council and got it registered in Bangalore. The grand old Scholar Sir Ramakrishnapant Bhandarkar, as you know & believe, never associates himself with any institution outside Poona or Bombay, and with great difficulty I succeeded in persuading him to accept the Presidentship of our Academy after explaining to him how I was attempting to make the institution an All-India one and how it had already secured your kind sympathy. I wrote, while requesting the Government of India for support, I informed the Honble Mr. Claude H. Hill of your kind sympathy.

If now, the annual report

the Academy which is to be made in June, should contain no reference to any grant-in-aid from the Govt. of Mysore, I am afraid, my position will be very awkward. If Sir R.G. Bhandarkar or the Hon'ble Mr. C.H. Hill happen to ask me about the matter when I see them next, I shall be constrained to explain the whole to them. It would be certainly surprising to all to hear that no grant should be sanctioned even after the assurance given by such a responsible authority as yourself.

I therefore request that you will now kindly give due consideration to the fact that your reputation as well the little of mine is concerned in the matter, and solving any & all the difficulties that may be involved, be so kind as to sanction at least a temporary grant as early as possible so that our situation may be made safe by making mention of the grant in the annual report of the Academy.
